

KINVET DermaHerb

“Healthy Skin, Radiant Coat, Happy Pets.”

How to Use KINVET DermaHerb

Daily Dosage:

- Dogs & Cats: 1 tablet per 10 kg body weight, once daily
- *Or as directed by your veterinarian*

When to Administer:

- During episodes of itching, redness, or hair loss
- As preventive care for breeds prone to skin sensitivities (e.g., Golden Retrievers, French Bulldogs, Siamese cats)
- To enhance coat shine and reduce shedding
- For pets with chronic skin conditions like dermatitis or hot spot

Pet Parent Practices: Do's

- 1. Store Properly:** Keep the bottle tightly closed in a cool, dry place away from direct sunlight and moisture.
- 2. Ensure Consistent Dosage:** Administer the correct dosage daily for optimal results.
- 3. Monitor Your Pet:** Observe for improvements in skin condition, coat quality, and overall comfort.
- 4. Maintain Grooming Routine:** Regularly groom your pet to support skin health and monitor for any changes.

Pet parent Practices : Don'ts

- 1. Do Not Overdose:** Exceeding the recommended dosage won't accelerate results and may cause digestive discomfort.
- 2. Avoid Moisture Exposure:** Do not leave the bottle open; exposure to air and humidity can degrade the product's efficacy.
- 3. Don't Neglect Veterinary Advice:** Always consult your veterinarian before starting any new supplement regimen.

4. Do Not Substitute for Prescribed Medications: KINVET DermaHerb supports skin health but is not a replacement for prescribed medications during acute conditions.

Pro Tip

“Integrate KINVET DermaHerb into your pet's daily routine to naturally support skin health, enhance coat shine, and promote overall well-being—ensuring your furry friend stays comfortable and radiant.”
