

# KINVET NeuroHerb

“Calm Mind, Clear Signals, Happy Companions.”

## How to Use KINVET NeuroHerb

### Daily Dosage:

- Dogs & Cats: 1 tablet per 10 kg body weight

Crush and mix into meals or offer directly as a treat—once a day—for soothing, science-backed results.

### When to Administer:

- ✓ **Stress Events:** Fireworks, thunderstorms, travel, or separation
  - ✓ **Seizure Support:** As adjunct therapy for epileptic pets
  - ✓ **Cognitive Decline:** Ideal for senior pets with disorientation or memory loss
  - ✓ **Behavioral Concerns:** Aggression, pacing, excessive barking/meowing
- 

## Pet Parent Practices: Do's

- ✓ **Store Smart:** Keep in a cool, dry place—tightly sealed
  - ✓ **Serve with Love:** Mix into wet or dry food; tablets are palatable
  - ✓ **Be Observant:** Track changes in sleep, behavior, and energy
  - ✓ **Vet Partnered:** Use alongside your vet's neurological care plan
- 

## Pet parent Practices : Don'ts

- ✗ **Don't Overdose:** More isn't better—stick to daily recommended use
- ✗ **Avoid Heat & Humidity:** Don't leave bottles open or exposed
- ✗ **Don't Skip Vet Checks:** This is a support—not a standalone treatment
- ✗ **Not for Acute Seizures Without Vet Advice:** Use for chronic support under supervision

## Pro Tip

### Give Your Pet the Gift of Peaceful Living

Order **KINVET NeuroHerb** today and help your pet regain calm, confidence, and connection—because every wag and purr matters.
